MANAGE-TBI Study Newsletter

September 2026

Dear MANAGE-TBI Study Investigators and Colleagues!
We are pleased to share the Autumn MANAGE-TBI newsletter with a brief overview of our recent progress and additional information.

- **Currently we have 17 sites** from 13 countries actively recruiting.
- **559 patients** are already enrolled

We gained great interest also from centers outside Central and Eastern Europe and are still looking forward to anyone who wants to contribute to fighting TB globally!
If you are interested in joining our study, we would love to hear from you. Please fill out the **MANAGE TBI Study: Feasibility Form**

For sites, that are open for Enrolment: Please complete all Enrollment forms by 1st December 2026 as we plan to submit abstract with MANAGE-TBI Study cohort description to CROI 2027 Conference.

Stay tuned for a chance to meet us!

- We will be available during the HepHIV Conference in Dublin 2-3 November 2026 https://www.eurotest.org/conferences/hephiv-2026-dublin-conference/
- We will be present at ECEE Network Group booth at HIV Drug Therapy Glasgow Conference 8-11 November 2026 https://hivglasgow.org/.
- Next MANAGE-TBI Study meeting is planned during ESCMID 2027 in Stockholm https://www.escmid.org/congress-events/escmid-global

The MANAGE-TBI Study is supported by WEEPI Foundation Research Grant (Nr. 337-2025)

Please feel free to reach out to us at any time with questions or comments:
